

Done – Chris Janson

Done – The **first** time I saw you

Done – By the **first** dance was through

I was **done** – that **one** kiss I knew

There was **nothing** I wouldn't do **just** to give you

/ A - / C#m - / D - / F#m E /

/ G - / Bm - / C - / Em D / (capo 2)

That **house** on the hill with the **four**-plank around it

Every last breath 'til the **last** star is counted

Just say the word, girl, **paint** me your perfect

I won't quit 'til the good **Lord** says my work is...

/ A - / D - / F#m E / D - /

/ G - / C - / Em D / C - /

Done – Like a faded out **song** on the radio

Done – Like the cowboy gets the **girl** when the credits roll

I'd **give** you a lifetime of **days** in the sun

Whatever you need and you **want**, I won't stop 'til it's ...

Done ...

/ A - /

/ G - /

Done – All the **hell** I was raising,

Done – All the **careless** heart-breaking

Done – For the **chance** that you're taking

I **spend** my nights praying and **all** my days chasing

Chorus

... You **know** I won't stop 'til it's ...

Done – you need a **man** you can lean on ...

Done – you need some **faith** you can hang ...

Your **dreams** on – **check** 'em off

One by **one**, in that ...

Baby, I won't stop 'til it's

Done – **oh** you know I ain't

Done – **first** time I saw you
