

... I don't **see** you again,  
 ... It was a **hell** of a ride  
 ... Don't need to **say** lets be friends,  
 ... Don't need to **promise** you'll write  
 ... We rode that **train** through the night,  
 ... And never **cared** where it went  
 ... If I don't **see** you again ...

If I don't **see** you again, we ran a **whole** other race  
 Two strangers **meet** on the road and find their **time** and their place  
 We never **once** had to lie ...  
 We passed the **age** of consent ...  
 If I don't **see** you again ...

I know its **crazy** out there, I hated **sleeping** around  
 I went out **looking** for love, and never **liked** what I found  
 Don't pay to **make** it alone, God knows it's **lonely** out there  
 I made it **once** on my own, and hardly **anyone** cared  
 If I don't **see** you again ...

**Who** you gonna run to **baby**  
**Who** you gonna hide be **hind** when the nights  
 Get **suddenly** cold – **who's** gonna hold you  
**Who's** gonna know – **who** will you go to?

/ D - / - - / G - / A - /

**Who** you gonna call if it **ain't** me  
**When** your feeling lost and there's **nobody** out there  
**Looking** for you, **What** will you do?  
**Where** will you go? **If** I don't see you again

... ...

If I don't **see** you again, you made it **happen** somehow  
 I think I **gave** up on life, but I feel **better** right now  
 Something you **said** turned me round ...  
 Don't even **know** what you meant ...  
 If I don't **see** you again ...

And at the **end** of the day, I hated **sleeping** alone  
 There's nothing **worse** when you're lost, and you don't **wanna** go home  
 Its gonna **work** out some way, I just don't **wanna** be found  
 I'm waiting **here** round the bend, and I'll be **hanging** around  
 If I don't **see** you again ...

**Who** am I kidding I'm going no-**where**  
 I can't even get through an **hour** without you  
**Should** be ashamed – **just** wanna hear you  
**Calling** my name ...

/ D - / - - / G - / A - /

**Two** of us missed con-**ne**-ctions  
**Guess** we must have somehow **missed** something more  
 'Cause **we're** here alone, I **know** we're together  
 But **too** far apart to **know** how to get back home

... ...

It's time for **saying** goodbye 'cause if I **stayed** for too long  
 You'd get to **know** me too well, and find that **something** was wrong  
 The time is **perfect** to go before the **curtain** descends  
 Right now when **both** of us know that every-**thing's** got to end  
 If I don't **see** you again ...

**What's** it gonna come too **baby**  
**Who** you gonna hide be-**hind** when the nights  
 Get **filled** up with doom – **looking** to run  
 You **run** out of room ...

/ D - / - - / G - / A - /

And **will** you be the one to **save** me  
**Doesn't** look like the **future** is clearing  
**Need** you to hear me **playing** in tune  
 When **nobody** hears me, I end up playing to the moon  
 ... ..

It's time for **saying** goodbye ...

... If I don't **see** you again  
 ... Somehow we **both** made it through  
 ... I would have **gave** up on life  
 ... Before I **gave** up on you

/ D - / - - / D G / - - /

... You went and **turned** me around  
 ... Could be was **something** you said  
 ... I couldn't make **out** the sound  
 ... I didn't **care** what it meant  
 ... If I don't see you a-**gain**

**If** I don't see you again ...
