

## Kings and Queens of the Underground – Billy Idol

---

/ Esus2 A G A / /

**Born** in a time **that** wasn't **made** to last  
In **nineteen** seventy-seven - it **went** fast  
Johnny **told** us to **rise**, not to **give** a shit  
And **then** "Kiss me **deadly**" and we **had** a hit  
Last **night** in the **Roxy** we made **love** on the floor  
We shot **up** in the **bathroom** and **said** we were bored

If **you** are here tonight and you **hear** these sounds  
We are **still** Kings and Queens of the **un-der-ground**  
I don't **mean** to be profound but if **I'm** still around  
We are **still** Kings and Queens of the **un-der-ground**, **Oh** yeah

### *Intro Chords*

**nineteen** eighty-four and "Rebel **Yell**" had the floor  
**And** all they said **was** "**more** more more"  
Well I **touched** you **with** my "**Eyes Without A Face**"  
I was "**Hot** in the City" - Yes I **thought** I was ace

But **I** didn't know then when I was **in** your front room  
On **MTV**, **baby**, I was **high** as the moon

If you are here tonight and you hear these sounds  
We are still Kings and Queens of the underground  
I don't mean to be profound but if I'm still around  
We are still Kings and Queens of the underground

**Oooh, Oooh, Golden years** (4x)

*Intro*

Sold all my vinyl – It went up my arm  
And I thought Rock 'n Roll couldn't do me no harm  
Now I'm rolling a joint, and I'm dressed in black  
If we lose the music, baby, we can never go back

If you are here tonight and you hear these sounds  
We are still Kings and Queens of the underground  
I don't mean to be profound but if I'm still around  
We are still Kings and Queens of the underground

G D

Jonesy said, "Bill, don't be profound

Am C D

If you are still a king of the underground"

G D

If you hear my voice and you dig these rebel sounds

Am C D

Still Kings and Queens of the Underground

Here tonight I wanna dig these sounds  
I'm still a king of the underground  
If you hear my voice dig these rebel sounds  
We are still Kings and Queens of the un....der...ground
